

Reliable Investments

Real Estate Agent

"You can boast about having many strategic alliances, a strong team, and a solid company, but what really works is how you treat your customers and how you can provide them with effective solutions and business opportunities."

ABNER LÓPEZ,
CEO OF ACABADOS MODERNOS LT.
abnermlt@acabadosmodernoslt.com

Trust in every customer

With a proven track record, Abner López, CEO of Acabados Modernos LT, owns a real estate company that develops projects in modern finishes, solar energy, and real estate, building a solid business reputation. A graduate of the Theological Seminary of Guatemala (SETEGUA) and Mariano Gálvez University of Guatemala, he holds a master's degree in theology and a bachelor's degree in marketing. He manages all aspects of marketing and administration, ensuring the smooth operation of his company and its effective positioning in the region. He also runs a marketing agency that develops creative projects for various companies, including those in the real estate sector, offering comprehensive premium services.

He is a real estate professional, a graduate of the Association of Real Estate Professionals (AGPI), which is affiliated with the Chamber of Commerce and Services (CECOMS). He is also the current representative of Cervera Real Estate International, USA, in Guatemala.

Acabados Modernos LT boasts several strategic alliances and a team of professionals for all the services it offers, enabling the company to execute high-quality projects and provide professional brokerage services to national and international clients who require the best products, goods, and services in the United States, Guatemala, and El Salvador.

With the best balance between professionalism and value, every client who trusts Acabados Modernos LT is a satisfied client.
